This medicine helped me control my eating and to lose weight and bring my sugar down without dropping it to low. i was on another medication and it would drop my sugar too low and i was always having to take the sugar tablets to bring it back up. at first it upset my stomach but after a few weeks that was gone. it has worked very well for my husband also and has kept both of our sugars at a normal rate.

Prior to my diagnosis of heart disease i suffered daily with what i thought was heartburn and indigestion. i ate tums like candy. sometimes it would get so bad i would chug a couple of diet sodas just so i could burp, which seemed to help. then i had a stress test which led to having a heart cath done. i have a 100% blockage in my rca and two other smaller blockages. once i started altace all of what i used to believe was heartburn/indigestion stopped. it is amazing. by todd from wolftown, va
